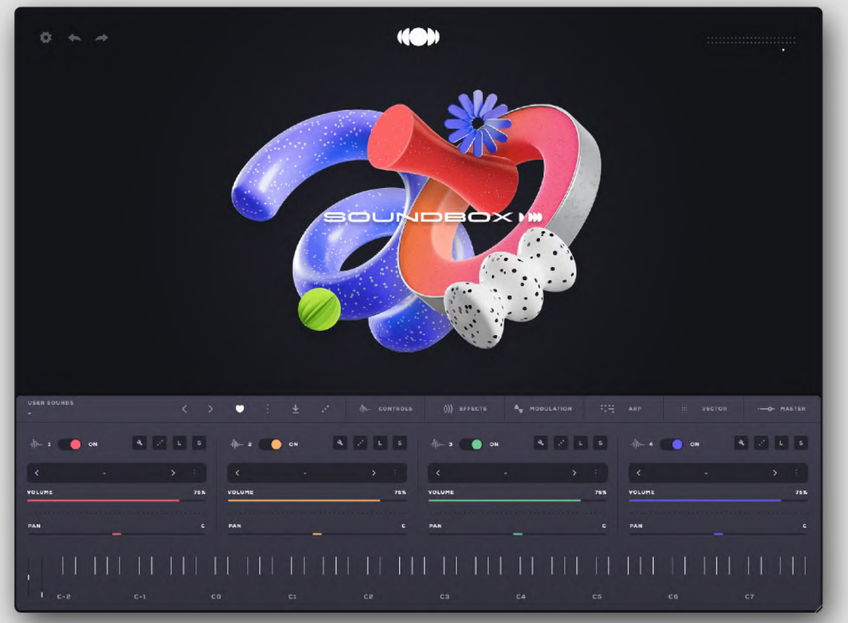
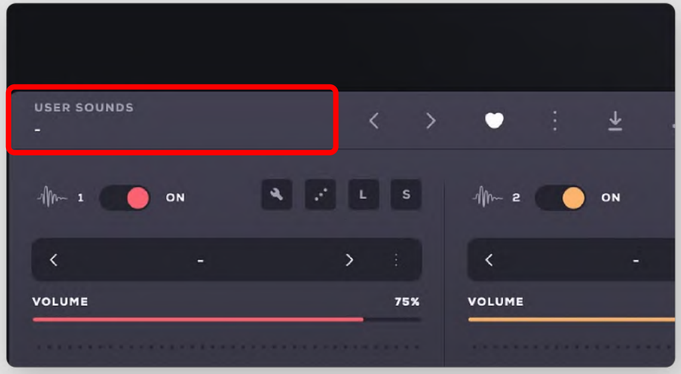
Importing a pack

Soundbox

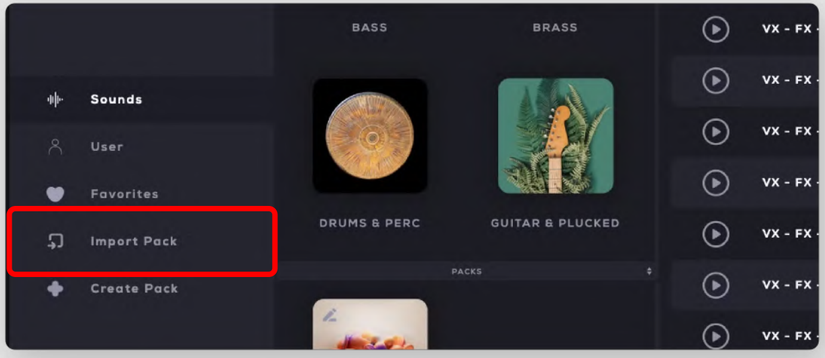


Importing a pack

1. Click the **User Sounds** menu to enter the presets & packs manager.



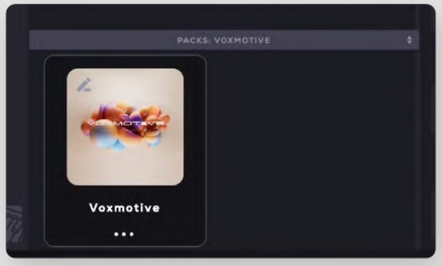
2. Click **Import Pack**.



3. Locate and select the Sounbox Pack (.sbpack) that you want to import and click Open/Import:

4. Done!

Now you are able to see the Imported Pack under the Packs category.



The presets that are included in the pack can be found in the right column. Double-click a preset to load it.
